# Mobilizing the Shopping Store

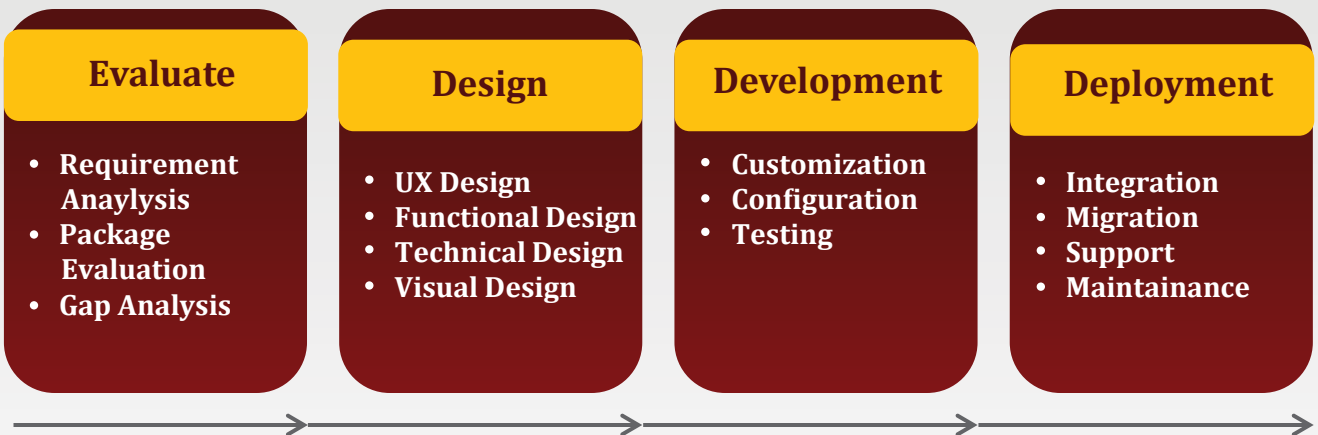

***As retailers are opting multi-channel strategies to reach out to consumers, E-Commerce and online shopping portals have become hub of the internet market. Online shoppers and digital consumers are not just simply transacting, but they look for enhanced shopping experience that not only fulfill their needs, but provides easy, faster and hassle free online shopping.***

...Not only these minimal challenges, but E Commerce businesses face much more on the plate! Shortening product lifecycles, immense competition, extremely price sensitive customers and dropping margins are the critical areas that every retailer needs to deal with upfront.

## Our Expertise

We at Xavient understand these challenges deeply and have developed a center of excellence for e-commerce with understanding of domain with specialized expertise in enabling solutions for segments like Merchandising, Grocery Departmental Stores, Discount Stores,

Video, Rental Chains , eMarketers. Our experts have deep expertise and knowledge from providing consulting to implementing, integrating and deploying the solutions from core commerce to payment gateways to engineering Services.

Whether you need to design and deploy new b2b or b2c e-commerce strategy, or enhance the existing one, Xavients' expertise and services can help add value to your commerce platform. Our portfolio of services around e-commerce stack covers the essential ecommerce components:

- Web Experience Enhancement
- Catalogue Management
- UX Development and Enhancement
- Multi-channel Integration
- Product Management
- Analytics & Reporting
- Order Management
- Campaign Management
- CRM Marketing Strategy & Analytics
- Enterprise Content Management
- Mobile Commerce

# Service Offerings

## Consulting

Our solution architects who have deep understanding and experience working with global retailers, designs new strategies to help organizations align their systems, processes, and structures for optimal gains and cost efficiency with higher productivity.
